

KWEKISHASHA POTTERY GROUP

LUSHOTO TANZANIA

PROGRESS REPORT JULY 2018 TO JANUARY 2019

1. Introduction

Kwekishasha Pottery Group is a group of women comprising of 43 members who involve in activities related to pottery. The goal of their activities is to improve the livelihood of members and their families through income generated as well as meeting basing education requirements for their children. In the period of July 2018 and January 2019, this women group conducted several activities including construction of training building from the financial assistance provided by Anna in July 2018 and starting using the kiln for burning of pottery goods.

2. Objectives of the report

To provide explanations about the progress of the project and expenditure of financial assistance provided by Anna in July 2018.

3. Activities undertaken and progress

The following are activities undertaken by our women group from July 2018 to January 2019 and the progress reached:

Na.	Activities undertaken	Progress reached
1	Construction of a training building comprising a latrine.	Finishing stage. Photographs are attached below.
2	Using the kiln constructed in burning pottery goods including cooking pots.	Burning of pottery goods continues successfully. The photograph is attached below.
3	Selling of pottery goods including pots and decoration materials.	We continue successfully selling a diversity of pottery goods prepared by our group and thereafter burnt by using our kiln.

4	Preparing requirements for making breads.	We continue with preparing bread storage site, materials and equipment.
---	---	---

4. Way forward

- i. To accumulate more fund for purchasing of furniture required in the training site (building).
- ii. To complete the construction of toilet in the training building.
- iii. To increase the production and selling of pottery goods.
- iv. To start making and selling breads from our bread kiln.

PREPARED BY IMANI E. MBONDEI
SECRETARY OF KWEKISHASHA POTTERY GROUP
